AND IF WE RUN OR WALK FOR A GOOD ACTION

We will run into a part of the world or even if poverty is declining, part of the population lives below the poverty line and struggle to survive with less than one US dollar per day. Poverty is particularly prevalent in rural areas and among children, who constitute over half of the population. Most Cambodian children are malnourished: 45 percent of children show signs of moderate or severe stunting. (UNICEF source).

SDPO consistent with its values offers, as it has already been doing for 20 years, a "so-called humanitarian" subscription. Some of you have already subscribed to this humanitarian effort, others have may not seen yet our messages. We hope naturally that our message will be heard.
